24th ROMANSY CISM-IFTToMM Symposium, July 4 - 7, 2022 in Udine, Italy

<http://romansy2022.cism.it>

Sponsored by: CISM - International Centre for Mechanical Sciences and IFTToMM - International Federation for the Promotion of Mechanics and Machine Science

The First CISM-IFTToMM Symposium on Theory and Practice of Robots and Manipulators was held on Sept. 5-8, 1973, in Udine, Italy, not long after IFTToMM had been founded in 1969. The first ROMANSY, or Ro.Man.Sy., as the Symposium used to be referred to, marks the beginning of a long-lasting partnership between two international institutions, CISM, the Centre International des Sciences Mécaniques and IFTToMM, the International Federation for the Promotion of Mechanism and Machine Science.

ROMANSY 2022

As the 24th Symposium returns to Udine celebrating its 50 years edition, RoManSy 2022 will continue to preserve this tradition, by encouraging papers that are of a broad interest to the participants and by providing an environment and setting for meaningful technical and personal interactions among the delegates. In particular, the conference solicits papers providing a vision of the evolution of the robotics disciplines and signaling new directions in which these disciplines are foreseen to develop.

TOPICS

Paper topics include, but are not limited to:

1. novel robot design and robot modules/components;
2. personal, service, medical, space and rescue robots;
3. cooperative and networked robotics;
4. challenges in control, modeling, kinematical and dynamical analysis of robotic systems;
5. innovations in sensor systems for robots and perception;
6. biomechanics, humanoid robots, biorobots;
7. educational issues.

IMPORTANT DATES

1. Draft paper submission deadline: January 16th, 2022
2. Notification of acceptance: February 28th, 2022
3. Final version of accepted papers and registration of authors:
March 31st, 2022
4. Applications for grants, available to young delegates, can be received by January 31st, 2022. Prior to a final decision on the acceptance of papers a conditional decision will be made. For details see <http://iftomm.net/> > Young Delegates Program

GUIDELINES FOR SUBMISSION

Draft papers should be submitted by January 16th, 2022 via on-line submission system. Detailed instructions and submission link are reported on the Symposium website <http://romansy2022.cism.it>

The submission details for the final papers will be given upon acceptance.

Each accepted paper will be provided by its own DOI.

The Romansy 2022 proceedings will be published in a CISM-Springer book indexed in Scopus.

MANUSCRIPT PREPARATION GUIDELINES

1. Prepare the draft and final version of your paper using the Latex and Word available templates and instructions given on CISM's web site (<https://www.cism.it/en/publications/authors/>).
2. The final version of the paper MUST NOT exceed 8 typeset pages.
3. Photographs and grayscale figures should be prepared with 300 dpi resolution and saved with no compression.
4. High-contrast line figures and tables should be prepared with 600 dpi resolution.
